## EXPERIENCE

### Front End Developer
#### 24-Hour UI/UX Design Challenge
📅 01/2025    📍 Sindh Governor House, Karachi, PK

Designed E-Commerce UI/UX in a 24-hour hackathon, focusing on user flow, responsiveness, and clean layout.
- Designed a complete **UI/UX prototype** for a modern e-commerce platform within 24 hours.
- Focused on **user-friendly layout**, **clean navigation**, and **mobile responsiveness**.
- Included core features like **product listings**, **shopping cart UI**, **user login/signup**, and **checkout flow**.

### Front End Developer
#### Market Journey - Hackathon Project
📅 02/2025    📍 Sindh Governor House, Karachi, PK

Developed and tested a fully functional website, ensuring smooth navigation, optimized performance, and responsive design.
- **Day 1-2:** Planned the website structure, defined target users, and outlined key features.
- **Day 3-4:** Built core front-end components using HTML, CSS, JavaScript, and React.
- **Day 5:** Conducted rigorous testing, fixed bugs, and optimized performance for a seamless user experience.
- **Day 6:** Deployed the project on **Vercel**, ensuring smooth hosting and accessibility.

## EDUCATION

### Matriculaion in Science
#### Dawn Public School                                📅 2010 - 2023

### Generative AI & Agentic AI
#### Governor Sindh Initiative for Generative AI    📅 02/2024 - Present

## STRENGTHS

### 💎 Creative Problem Solving
Utilize creative solutions to tackle challenges, evident in the 20% increase in project delivery efficiency at GIAIC.

### 💎 Hackathon Experience
Capable of working under tight deadlines, optimizing performance, and launching projects efficiently

### 💎 UI/UX Focused
Passionate about creating responsive, user-friendly, and visually appealing designs.

## SUMMARY

I am a passionate Front-End Developer with expertise in HTML, CSS, JavaScript, TypeScript, React, and Next.js. I have built multiple web applications, including e-commerce platforms, interactive tools, and dynamic UI components. My focus is on creating user-friendly, responsive, and visually appealing interfaces. With a strong problem-solving mindset and attention to detail, I strive to deliver high-quality, optimized web solutions that enhance user experience
